

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF RANCHO CUCAMONGA**

NAME: NICOLE MYERCHIN

AGE: 37

OCCUPATION: Community Advocate

Friends and Neighbors,

We need a change in Rancho Cucamonga!

Our city could use a fresh, more productive approach to address the challenging issues it faces. My track record shows that I am an excellent candidate for the job.

I have attended council meetings for years, encouraging our city to take a more progressive approach to animal care by converting our shelter to a no-kill facility. Furthermore, I initiated the implementation of other programs such as the holiday gift drive for seniors. Not only am I a voice for implementing innovative programs, but also for fixing old problems such as poor emergency response time and senior transportation.

I support public safety, neighborhoods, senior citizens, animals, education, open and honest government and the environment. I am against raising taxes and irresponsible over development.

I was the driving force behind converting the shelter, and I will bring the same integrity, determination and foresight to implement other positive changes. My dedication will be focused on our community, not special interests. I am asking for your vote. Together, we can accomplish amazing things and improve the quality of life for all residents of Rancho Cucamonga. Thank you for your help and commitment to our city.
